DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Attorney of record George E. Oram, Jr., on 06/27/2006.

3. The application has been amended as follows:

In the claims:

In claim 6, line 13, before "and", inserted -- wherein the controller has a judger for judging a reception state of each antenna; --.

(End of Amendment)

REASONS FOR ALLOWANCE

4. Claims 1, 3, and 5-6 are allowed over the prior art of record.
5. The following is an examiner's statement of reasons for allowance:

The applicant's Remarks, filed on 04/24/2006, have been carefully reviewed with update search. Consequently, reasons for allowance of claims 1, 3, and 5-6 are set forth in the following.

Regarding claims 1 and 6, the prior art made of record fails to clearly teach or fairly suggest the feature of a receiver comprising a plurality of antennas, antenna switching device, detector, controller for controlling the antenna switching device, wherein the controller has a judger for judging a reception state of each antenna, and when there are a plurality of antennas capable of receiving signals without any troubles, the antenna switching device is controlled so as to select a reception signal from an antenna having a low antenna gain, in combination with other limitations, as specified in the independent claims 1 and 6, and further limitations of their respective dependent claims 3 and 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
